LISSETT HOMES

THE FIND OF A LIFETIME

## THE DISCOVERY

**With a spacious semi-open plan layout, the new Discovery is solidly built and packed with practical features, gorgeous furnishings and beautiful furniture. It can be used either as your main residence or a beautiful holiday home.**

The Discovery has a luxurious master bedroom, with a spacious en suite shower room, a relaxing second bedroom and an open plan living area that is filled with light. This generously proportioned space is divided into three distinct regions - a comfortable lounge, dining alcove with Italian-crafted furniture and a modern, well-equipped kitchen.

## LOUNGE

Large long-drop windows and bi-fold doors let natural light flood into the lounge. Decorative veneer is a feature here too, this time in two coffee tables. A media cabinet is hidden by a door below the TV position on the exterior wall.

Switch on your favourite music, sit down and relax. Choose the sumptuous L-shaped sofa, or perhaps the spacious four-seater at the other side of the room. With all this seating, the Discovery is the ideal home if you love entertaining.

## THE DISCOVERY

### KITCHEN

Gorgeous slim, gloss-brown tiles, horizontally aligned, catch the eye as you walk into the kitchen. Separated by a part-wall from the lounge, the heart of this home is carefully planned, with expert attention to detail.

It is also well equipped, with a full range of high quality Bosch appliances including a five-burner hob, combined oven-grill, microwave, fridge freezer, wine chiller and dishwasher.

The washing machine is thoughtfully placed in a cabinet in the centre of the home, so that its sound can't intrude. This is also where you'll find the system's boiler, whose capacity is a mighty 190 litres.

## LISSETT HOMES

### BEDROOM

Both bedrooms are decorated in soft fawns, mushroom and taupe shades. The furniture has a matt finish – desk-style dressing table with a seat (power and TV points are nearby), bedside cabinets and sliding wardrobe doors.

In the main bedroom, a sliding door opens to reveal a huge dressing room, with rails and shelves. The luxuriously appointed en suite shower room is exceptionally spacious too. Above the mirror is a strip of LEDs which can be turned on and off by waving your hand past a remote switch on the over-sink cabinet.

### HALLWAY

It is the practicalities that impress in the Discovery. Take the large hall cabinet, for example, with its row of coat hooks and eight shoe racks.

### DINING AREA

We are proud of the quality of our furniture, and this Italian-made four-seater dining suite is possibly one of the finest we have ever chosen. The rich pattern of the table top is created by veneer, topped by eight layers of lacquer, to produce an exceptionally high-gloss finish. At the same time, the circular crystal LED pendant light which hangs above is stunning in its simplicity.

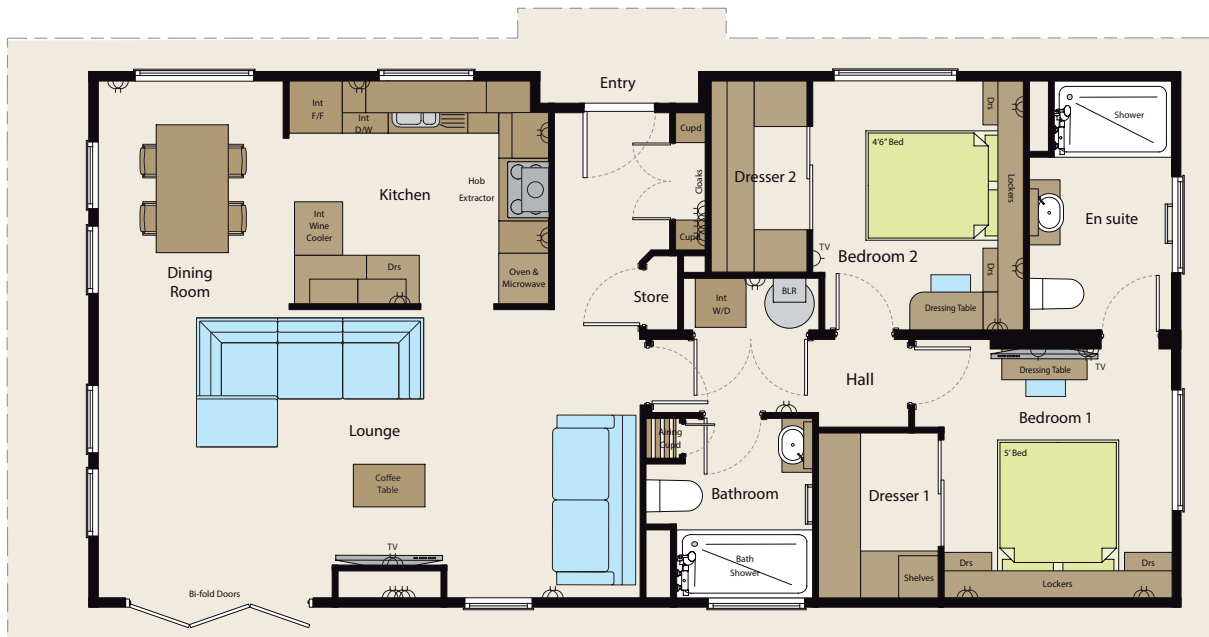

### BATHROOM

Featuring the top-quality tiles and fittings that you've come to expect from Lissett, this bathroom certainly has the wow factor. But once again it's the thoughtful extras that make all the difference – in this case the roomy airing cabinet and the floor level electric heater.

# THE DISCOVERY

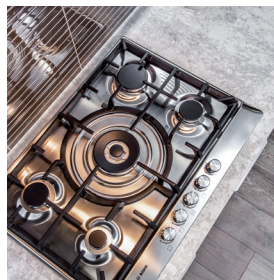

## EXAMPLE FLOORPLANS

Please see an example floor plan however we have a range of floorplans for The Discovery on our floorplan section of our website.

Our floor plans allow you to see our recommended layouts, but we offer complete flexibility of room settings and size, colour schemes, external cladding, solar systems, music systems, underfloor heating, air to water pumps, environmental accessories and specific disability requirements.

Lissett are able to manufacture and design to the most exacting standards.
