THE NIRVANA

exclusively designed by Linda Barker

lissetthomes.com

Linda Barker's vibrant mix of casual and contemporary influences can be clearly seen inside the Nirvana, where quaint meets cutting edge.

Smooth cedar and pastel blue cladding adorn the exterior. Step inside and Linda's styling boasts stunning fixtures, fittings and colour palettes, timeless luxury furnishings, and striking design features, combined with state-of-the-art technology.

Flexible living is at the heart of Nirvana.

The open-plan lounge flows seamlessly into the dining area and kitchen. Bi-fold doors run the entire width of the home and vaulted ceilings feature Velux skylights, providing an abundance of natural light. Clever storage solutions throughout ensure space is maximised.

Using the very best materials, precision engineering techniques and extensive construction expertise, each Nirvana is built to far exceed the British Residential standard of BS3632. Excellent levels of insulation, coupled with central heating and double glazing, ensure warmth in the home all year round.

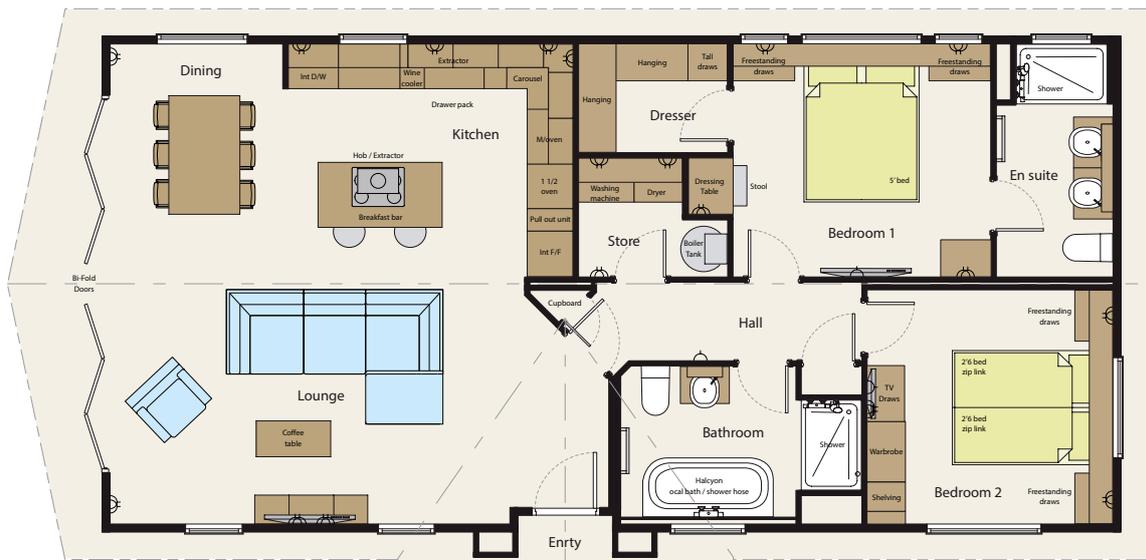

THE NIRVANA
